Disney World

What is your dream vacation destination? Europe? Hawaii? California? Me?

I'd choose Disney World. Disney World is a terrific place to visit!

There's no nicer place than Disney World. There are many nice hotels to stay in with fancy restaurants, swimming pools, playgrounds, and much more. The Disney Park is also really nice. Everything is clean and nice for vacationers. There are lots of nice things to do there, like go on rides, visit nice exhibits, and visit the nice shops. You can hear music and see fireworks, too. This is another reason Disney World is nicer than any place else.

Disney World is the perfect vacation spot! There is something for everyone.

If you like to get scared or excited, there are the rides like Space Mountain. If you like to shop (like my mother), you can find all kinds of nice things there—clothes, jewelry, house decorations. There's no trouble finding a nice hotel. There are hundreds of nice places to stay near the park. This is why Disney World is the perfect vacation spot.

The rides at Disney World are better than anywhere else! My favorite is Space Mountain which is a roller coaster in the dark. Little kids like the cup and saucer rides. The water rides are fun and so are the boat and train rides where you can meet pirates, cowboys, and much more! All of the rides are really nice and safe and lots of fun!

So if you want to go someplace nice for your next trip, why not go to Disney World? It is a nice place, a perfect vacation spot that has something for everyone!

Disney World – The Only Place for Me!

What is your dream vacation destination? Europe? Hawaii? California? Me? I'd choose Disney World. Disney World is a terrific place to visit! The best things about visiting Disney World are the ^Aquality hotels, the ^Bfun characters, and the ^Camazing rides.

One thing you can always count on is the quality of a Disney Hotel! The rooms are clean and bright, filled with new furniture, T.V., VCR, and telephone. When the weather's hot (which it usually is) you can mosey down to one of their exclusive pools complete with water slide, fountain, diving board, and snack bar. Each hotel has a fancy restaurant as well as a food court for refueling and re-energizing! Probably the best part of staying in a Disney hotel is the shuttle bus service. Every 15 minutes you can hop an air-conditioned shuttle to the theme park. Disney hotels are so popular that most guests come back again!

One thing you won't find anywhere but Disney World are the famous Disney character. Where else can you have breakfast with Snow White or lunch with Cinderella? As you walk through the park, you will be greeted by that world-famous mouse couple, Mickey and Minnie. You can pose for pictures with Goofy and Pluto! The last time I was at Disney World I got autographs from the famous chipmunks—Chip and Dale!

Probably the best thing about Disney World are the rides! There are rides for everyone, young and old, brave and timid. There are kiddie rides, boats, and cars for younger children. You can tour the park on the monorail or take a peaceful boat ride in the lagoon. There are theme-related rides that take you past pirates and cowboys. My personal favorite is Space Mountain, a roller coaster that seems to fly like a space ship in deep space. My Uncle, Mike Slater, who is an amusement park fanatic (he's visited over 30 different park nationwide), says, "If you want the biggest selection of exciting, safe, exhilarating rides, go to Disney World!" I agree!

So great hotels, famous characters, and exciting rides—what's not to like? Disney World has something for everyone! Why not plan your trip today?
